

# Gone

Kelly Clarkson

What you see's not what you get  
With you there's just no measurement  
No way to tell what's real from what isn't there  
Your eyes they sparkle  
That's all changed into lies that drop like acid rain  
You washed away the best of me  
You don't care

You know you did it  
I'm gone  
To find someone to live for  
In this world  
There's no light at the end of the tunnel tonight  
Just a bridge that I gotta burn  
You were wrong  
If you think you can walk right through my door  
That is just so you  
Coming back when I've finally moved on  
I'm already gone

Sometimes shattered  
Never open  
Nothing matters  
When you're broken  
That was me whenever I was with you  
Always ending  
Always over  
Back and forth, up and down like a rollercoaster  
I am breaking  
That habit  
Today

You know you did it  
I'm gone  
To find someone to live for  
In this world  
There's no light at the end of the tunnel tonight  
Just a bridge that I gotta burn  
You were wrong  
If you think you can walk right through my door  
That is just so you  
Coming back when I've finally moved on  
I'm already gone

There is nothing you can say  
Sorry doesn't cut it, babe  
Take the hit and walk away  
'Cause I'm gone  
Doesn't matter what you do  
It's what you did that's hurting you  
All I needed was the truth  
Now I'm gone

What you see's not what you get  
What you see's not what you get

You know you did it

I'm gone  
To find someone to live for  
In this world  
There's no light at the end of the tunnel tonight  
Just a bridge that I gotta burn  
You were wrong  
If you think you can walk right through my door  
That is just so you  
Coming back when I've finally moved on  
I'm already gone  
I'm already gone  
Oh, I'm already gone, gone, gone, gone  
Already gone  
I'm gone
