

# Good Goes the Bye

Kelly Clarkson

They say Rome wasn't built in a day  
And you and I wouldn't build it anyway  
It only took a second to watch it all fall to dust,

I thought you hung up the moon  
And you thought I lit up the room  
But the lights turned off, and that was the end of us.

Slam goes the door  
Hush goes the phone  
Out goes the flame, and I'm standing here alone  
Down goes the drink  
Down go the tears  
Drip goes the sink, while I'm wishing you were here  
Break goes the heart  
Wrong goes the right  
Good goes the bye.

It's like we pulled a pin out of a grenade  
It just didn't go off right away  
But man did it go off when it finally did

And everything's suddenly magnified  
It's loud and it's quiet at the same time  
As the echo of it's all over sets in.

Slam goes the door  
Hush goes the phone  
Out goes the flame, and I'm standing here alone  
Down goes the drink  
Down go the tears  
Drip goes the sink, while I'm wishing you were here  
Break goes the heart  
Wrong goes the right  
Good goes the bye.

I can't go back, we can't be friends  
And we can't be what we were then (good goes the bye),  
You can't be mine, and I can't be yours  
Well it's not love anymore,

Slam goes the door  
Hush goes the phone  
Out goes the flame, and I'm standing here alone  
Down goes the drink  
Down go the tears  
Drip goes the sink, while I'm wishing you were here  
Break goes the heart  
Wrong goes the right...  
Good bye
