

If I Can't Have You

Kelly Clarkson

Hearts break too fast when they're sentimental
Won't stay won't last when it's love at first sight
So why are my convictions blinded by your spotlight
Can't breathe can't sleep with some medication
I'll kiss goodbye to my reservations
I know there's other fish out in the sea
Not for me I want you

If I can't have you then I don't want
anyone, I don't want anyone
If I can't have you then all the damage has been done baby
You can break these rules if you wanna
have some fun, you wanna have some fun
Think of all the love that you will lose
if I can't have you

Heartbeat cold sweat thoughts slipping under
Can't fight no threat cause there's just no use
One look, no hesitation
I'm slipping into you

Forgive these eyes these lips you're tasting
No time to waste on an invitation
My shame my self control has suffered enough
Everybody wants to be loved

I haven't seen the best that love has had to offer
They say perfection's always right around the corner

Could be true

But if I can't have you...
