

Just for Now

Kelly Clarkson

Just for now
Just for now

It's that time of year
Leave all our hopelessnesses aside
If just for a little while
Tears stop right here
I know we've all had a bumpy ride
I'm secretly on your side

Well how did you know? It's what I always wanted
Could never have had too many of these
Will you quit kicking me under the table?
I'm trying, will somebody make us shut up about it
Can we settle down please

It's that time of year
Leave all our hopelessnesses aside
If just for a little while
Tears stop right here
I know we've all had a bumpy ride
I'm secretly on your side

Bite tongue, deep breaths
Count to ten, nod your head

I think something is burning
Now you've ruined the whole thing
Oh muffle the smoke alarm
Whoever put on this music
Better quick, sharp, remove it
Pour me another, oh, don't wag your finger at me

It's that time of year
Leave all our hopelessnesses aside
If just for a little while
Tears stop right here
I know we've all had a bumpy ride
I'm secretly on your side

Get get me out of here
Get get me out of here
Get me out of here

Get get me out of here
Get get me out of here
Get me out of here

Just for now
Just for now
Just for now

Just for now
Just for now

Just for now
Just for now

Just for now
Please
Just for now
Please
