

Lies

Kelly Clarkson

You said the moon was ours, yeah
You said the moon was ours to held with today,
The sunlight will always take love away,
Brings out suspicions and weak alibis
But I can see through your tear blooded eyes.

Your lies, lies, lies, oh, lies, lies.

I got a storm where, where my heart should be
I got a storm where my heart should be
And nothing I do will make you love me,
I'll leave this town, forget all my pride
And be no more use for any disguise.

Your lies, lies, lies, oh, lies, lies.

I wanna die without pain
Yes, I wanna die, Lord, without pain,
In all this deception I can't maintain.
The sun, the moon, the stars in the sky,
It hurt me to bear if you said goodbye
So I listen to your lies, lies, lies, oh, lies, lies
