Some Kind of Miracle

Kelly Clarkson

Prayed for an angel
To come in the night
Shine some sweet light on me
Found only strangers
Then you came to me

Just when i givin up You gave me love My world was tumblin down You turned it around, baby

You're some kind of miracle Ohhhhhh, You, You, Youuuuu are You're a miracle to me

Sweet revelation
That look in your eyes
Your touch in the night
I found the sweetest salvation
In your arms baby

When there's no mornin sun Your tender love Came and just lifted me up Look what you've done baby

You, you're some kind of miracle Ohh, you, you, you are You're a miracle to me

You brought joy to my heart
I found love in your arms
See what you've done to me
You set my soul so free
You came and you gave me the love that i need

Oh you, you're some kind of miracle You, you are You're a miracle A miracle to me Baby you are Ohh, a miracle to me
