Everybody get into the mood

Forget your troubles for a little while

All together let me see you move

AEach individual in a different style

Come old lady there's no need to hide

Just feel the rhythm and enyoy ride

Shake it baby up and down your spine

Couse once you're dancing you'll be feeling fine

If I can do it you can do it too You got in you that I promise you You're gonna show that you're a little star tonight

We'll take it easy wel'll take it slow We're gonna dance to the rock 'n roll We'll take it easy we'll take it slow We're gonna dance to the rock 'n roll

Little babies are dancin'to the tune Well mama an'papa like the rhythm too Shake it baby give it one more try Cause there's no reason for you to be shy

If I can do it you can do it too You're gonna show that you're al little star Tonight

We'll take it easy wel'll take it slow We're gonna dance to the rock 'n roll We'll take it easy we'll take it slow We're gonna dance to the rock 'n roll

If you're ugly or pretty
Or chubby or skinny
It don't matter you'll be
Having a good time
The old will be longer
And the young will be older
We're all gonna dance through the night
Aaah ... Aaah ... Aaah
