

# Edge Of Happiness

The Kelly Family

I take one step forward  
But then I take two steps back  
What is it that is it that I lack  
I just can't get my head straight  
I just can't get my life straight

One foot in heaven  
But I got one foot in hell  
Sometimes I just, I just can't tell  
I just can't get my head straight  
I just can't get my life straight  
This dark hole is so deep  
This dark hole is so deep

Oh oh uh ohuhoh  
Oh oh uh ohohoh  
I feel like I'm on the edge  
Just to about to fall down  
I feel like I'm on the edge  
The edge of happiness  
The edge of happiness

Do I need therapy  
Or do I need a good kick in the ass  
Do I need prayer  
I've got to many things to ask  
I just can't get my head straight  
I just can't get my life straight  
This dark hole is so deep  
This dark hole is so deep

Oh oh uh ohuhoh  
Oh oh uh ohohoh  
I feel like I'm on the edge  
Just to about to fall down  
I feel like I'm on the edge  
The edge of happiness  
The edge of happiness
