

Hey, Mr. Big Time

The Kelly Family

Hey Mister Big Time
You're not the only one
Hey Mister Big Time Time
We'll fight you any day

I wake up in the morning
I spread my wings to sore
I look up straight above me
The endless view of skies, oh

We fly and we fly
We fly like a free bird flies
We fly over the sea
We fly like a free bird flies

The wind that blows above me
Helps me reach the sky
An' I'll bring the sunlight with me
And you sore and sore so high, ooh

Hey Mister Big Time
You're not the only one
Hey Mister Big Time Time
We'll fight you any day

I wake up in the morning
I spread my wings to sore
The wind that blows above me
Helps me reach the sky

We fly and we fly
We fly like a free bird flies
We fly over the sea
We fly like a free bird flies

We fly and we fly
We fly like a free bird flies
We fly over the sea
We fly like a free bird flies
