

No Lies

The Kelly Family

It's lonely tonight
You're not here to talk to you
You're not here to talk to you

We don't have to give
Tell me what to do
I'm seen around my life
With lady's on both side
You don't have to give
Excuse yourself
we don't have to give
Expiring yourself

No lies
I want no lies for me, yeah
No lies
I want no lies for me, yeah

One put on the right
The other on the left
Soon I've to decide
What about my life
I've got faults and friends
Inside my heart
But I'm not to play around like a doll

No lies
I want no lies for me, yeah
No lies
I want no lies for me, yeah

It's lonely tonight
You're not here to talk to you
You're not, you're not around
You're not here to talk to you

No lies
I want no lies for me, yeah
No lies
I want no lies for me, yeah

No Lies
I want no lies for me, yeah
Not for me
