

## Oh God

The Kelly Family

Forgive me father for I've sinned  
I know your mercy has no end  
Save me from this state I'm in  
I drifted on again

A greater love I will not find  
Your son you gave up for mankind  
Kneeling down before the cross  
Now I'm no longer lost

Oh God, oh God you give me so much love  
Oh God, oh God you saved me through your blood

I'm thirsty, yes, I thirst for you  
You know me better than I do  
You rescued me before I drowned  
A lost sheep has been found

Only truth will set me free  
So holy spirit come to me  
Take my life into your hands  
Whatever that demands

Oh God, oh God you give me so much love  
Oh God, oh God you saved me through your blood  
So much love, bless my soul, eternal life

Be careful be careful be careful  
Be careful be careful be careful  
Be careful be careful be careful  
Be careful be careful be careful

Oh God, oh God you give me so much love  
Oh God, oh God you saved me through your blood  
Oh God, oh God you give me so much love  
Oh God, oh God you saved me through your blood  
So much love bless my soul eternal life
