

Okey kids, it's your world now
I believe in you, so don't let me down
Never doubt your powers, no not you
She told me to do a super job
So give us all you have

Okey Papa, it's our world now
We believe in you, we'll make it now
We'll change this whole world all I try
We told her we'll do a super job
We'll give it all we have
We told her we'll do a super job
We give it all we have

Stand back you kids
It's my turn now
I believe in me
I'll show you now

I have much more power, yes i do
Me, I do a super, super job
So give us all you can

Okey kids...

We need you to do a super job
so give us all you have
