

True Love

The Kelly Family

People talking about true love all around
But I've never seen it I must be too young
You learn and you burn and that is the game
That famous game
They call falling in love
Don't give, don't give any hope it was not supposed to be

I've learned and I've burnt and now I'm happy
I have my own family with a smile on our face
Hold on cause all I want is that smile on my child
Give me give me all your love it was meant to be

Our love is strong
Our love is strong

When it gets hard cause life ain't easy
Running is easy, staying is hard
Hold on cause all I want it that smile in my child
Give me, give me all your love it was meant to be

Our love is strong just hold on to me
Our love is strong just hold on to me
Our love is strong it is strong, yes, it is.
