

We Love The Pope

The Kelly Family

There's a man who preaches understanding There's a man who wants us to be fair
There's a man whose heart is never ending There's a man who teaches us to care

There's a man whose heart keeps on forgiving There's a man who gives us all belief
There's a man who changes our way of living There's a man who makes us all belief

We love the pope we love the pope 'Cause he's the one who gives us hope
He cares for me, he cares for you We know his love is always true

There's a man whose heart keeps on forgiving There's a man who wants us to be true
There's a man whose heart is never ending There's a man who makes us all belief

We love the pope (yeah) we love the pope (we love) 'Cause he's the one ('cause he's)
who gives us hope (he gives us hope) He cares for me, (he cares) he cares for you (oh yeah)
We know his love (we know his love) is always true

Once or twice in a century There is a man or a woman Who grasps the moment
Holding clear in his mind All the nature forces of his time And keeping his balance
The weak or torn from side to side Fighting with each other Yeah, arguing for what we think is right
He is a good father loves us all And helps us forgive and forget And be good friends again
(Yeah, to be good friends a gain)

We love the pope (oh yeah) we love the pope (we love) 'Cause he's the one ('cause he's the one)
Who gives us hope (he gives us hope) He cares for me (he cares) he cares for you (cares for you)
We know his love (we know) is always true

We love the pope (we love the pope) we love the pope (we love we love) 'Cause he's the one ('cause he's the one)
Who gives us hope (he gives us hope) He cares for me (cares for you) He cares for you (cares for you)
We know his love (we know) is always true We know his love (we know) is always true
We know his love is always true
