

Wish I Were a Swallow

The Kelly Family

You're so far away
Why couldn't you stay
Cause I need you now
But I hold on to you
Cause I feel that it's true
Do you feel it too
Tell me babe, tell me why

I wish I were a swallow
Then I'd fly to you
I wish I were a swallow
Then I'd be with you

I'd watch you all day
And at night when you pray
I'd pray with you
And in the morning you'd wake
As I'd sing you a tune
Then you'd see me too
Oh I'm only dreaming, why

I wish I were a swallow
Then I'd fly to you
I wish I were a swallow
Then I'd be with you

I'm your dream
Don't be shy
Spread your wings
Then you'll fly

But I'll wait for the day
When you come back to stay
Cause I need you baby
See me crying, why

I wish I were a swallow
Then I'd fly to you
I wish I were a swallow
Then I'd be with you
