

capo I

1. She took herself out in the car
She drove herself around the block
She said she's leaving me again
Then she got lost

2. I look for her out on the porch
I wanna see her face once more
She said she's leaving me again
Then she got lost
Then she got lost

R: She took the midnight train to nowhere
She said that she was leaving home
Yeah she's leaving me tomorrow
But tomorrow never came
For Jayne

3. I wait for her now and then
I hope to see her round the bend
She said she's leaving me again
Then she got lost
Then she got lost

R: +
Never came for Jayne
For Jayne
For Jayne....
Never came for Jayne
