Kelly Jones

capo I

1. She took herself out in the car  
She drove herself around the block  
She said she's leaving me again  
Then she got lost

2. I look for her out on the porch  
I wanna see her face once more  
She said she's leaving me again  
Then she got lost  
Then she got lost

R: She took the midnight train to nowhere  
She said that she was leaving home  
Yeah she's leaving me tomorrow  
But tomorrow never came  
For Jayne

3. I wait for her now and then  
I hope to see her round the bend  
She said she's leaving me again  
Then she got lost  
Then she got lost

R: +  
Never came for Jayne  
For Jayne  
For Jayne....  
Never came for Jayne
