

# Violet

Kelly Jones

There's a killer on the loose  
More blood on the streets  
Violet sells her body  
To make money to eat  
Well violet's just a girl  
And she ran away from home  
She fell out with her daddy  
Now she's living all alone

R: Violet - Oh Violet  
Who Done It - Oh Violet

At the end of the night  
Violet walks the streets  
She picks up all the guys  
To make her ends meet  
Saturday came around  
The killer made his make  
She got into his car  
Now the coppers are dragging the lake

R:

Violet - Oh Violet  
Who Done It - Oh Violet  
Oh Violet - Who Done It  
Oh Violet - Oh no
