

# Come Dig Me Out

Kelly Osbourne

They wanted me  
To be the dream  
But my mood went south  
And I'm stuck on the couch with bad jeans  
And the couch sucks me down to the floor  
And the floor sucks me down to the earth  
And I'm covered and buried before  
My heart had a chance to start working

Hey, it's heavy underground  
I'm screaming for attention  
So come dig me out

Hey somebody can you hear me now  
'Cause my world is caving in  
so come dig me out  
It's raining again  
And who've guessed  
No one's come along to tell me I'm a mess  
And the bed sucks me down to the floor  
And the floor sucks me down through the earth  
And I'm covered and buried before  
My head had a chance to stop hurting

Hey, it's heavy underground  
I'm screaming for attention  
So come dig me out

Hey somebody can you hear me now  
'Cause my world is caving in  
so come dig me out

I never thought I could fall ten feet under  
I always thought someone would remember  
To look for me  
Before I reach the end

Hey somebody can you hear me now  
'Cause my world is caving in  
so come dig me out
