

More Than Life Itself

Kelly Osbourne

You never said you were perfect,
but you always were to me.
Loving you was always worth it,
cause You see so much in me.
And when I'm down,
you're there to lift me.
You come around,
when I need a friend.
And no one loved me like you do,
Unconditional and true.
You're the shoulder that I've always known
And the hand that says I'm not alone
More than myself,
I love you more than life itself!

Did u know that I get lonely?
at the thought of you not being here.
Can you see that you're the only,
one who never disappears?
And when I fear you are the comfort
The one who steers me to the light.
And no one loves me like you do.
Unconditional and true.
You're the shoulder that I've always known
and the hand that says I'm not alone.
More than myself,
I love you more than life itself.

I love you! I love you! I love you!
And I don't care if it sounds trite.
I'll say it over and over
It makes me feel alive
you give me all my fire
by Watching what you live
by what you believe
so many things you taught me
and even when you caught me
I always knew that you could still see the best in me
the best in me
No one loved me like you do
unconditional and true
You're the shoulder that I've always known
and the hand that says I'm not alone
more than life itself

I love you more than life itself
I love you more than life itself
I love you more than life itself
I love you more than life itself
More than you know
More than you know
I love you more than life itself!
