

On the Run

Kelly Osbourne

Don't look for us
'Cos we won't be found
Don't blame yourself
When we turn you down
Whatever you do
Don't believe
That it's about you

My head's on the run
And it's running for us
I've only begun
and I'll never be done
On my own's where I know
And nobody can hold
Me down when we come
'Cos my head's on the run

And what you think
Doesn't matter much
I do my thing
and you're not that tough
Whatever you do
Don't believe I'm changing for you
