

## Back In The Day

Kelly Price

You were just a boy  
And I was just a girl in love  
Cabangas was a toy  
And the rubics cube made life seem tough  
Truth or dare was a game  
All your crew would dress the same to  
School each day  
I remember when oh do you remember when  
Back in the day, back in the day.

Life was so simple back then  
Double dutch and talking junk  
Was what we did  
Hangin outside with my friends  
Till the street lamp said  
It's time to come in (sometimes i)

Long for the days  
No work and all play  
Long for the times  
Innocently blind

Life was so simple back then  
Quarter water's when we're thirsty  
Gave the quench  
We were so easy to please  
Candy necklaces and rings  
Were to us the finer things

Life was so simple it seemed  
Rockin Kangols w/Adidas and lee jeans  
Nameplates and four finger rings  
Jelly sandals for your feet  
Mr. Softee made life sweet  
How I long \_\_\_\_

New Edition sang to me  
Ronnie, Bobby, Johnny, Ricky and Mike  
(don't forget Ralph)  
That's what I remember  
Loving you came easily  
First time we ever kissed goodnight  
Do you remember?
