

# Heaven's Best

Kelly Price

I've got heaven's best!  
See I used to do wrong, but now I do right!  
I've....I've got heaven's best!

I still remember being young  
When living saved it wasn't any fun  
People judged the way that you looked  
But that wasn't in the book

The bible was a big book of rules  
Living for god I thought it wasn't cool  
Studied what his word said to me  
Than I found my liberty

He saved my soul when I  
(when I told him yes)  
Then gave me heaven's best  
(gave me heaven's best)  
Now I live my life blessed  
(i live my life blessed)  
God gave me love and happiness  
(love and happiness)

Religion's getting thrown out the door  
Cause religion aint workin anymore  
See I learned another way  
It aint like your granny says

Im livin' the best life there is  
With jesus christ ive got relationship  
Happiness on earth and then  
Eternity spent with him
