

# I'm Sorry

Kelly Price

I'm sorry that I'm leaving  
I'm sorry that I stayed  
I'm sorry that I ever let you treat me that way  
And I'm sorry that I let a good man get away

But I accept my apology  
I'm gonna do better by me  
I wrote this song to say I forgive me

For the times I needed me  
And every time I slacked  
I'm sorry I gave him my love  
And he didn't love me back  
And I'm so sorry I gave him my heart  
I want it back

But I accept my apology  
I'm gonna do better by me  
I wrote this song to say I forgive me

For the wasted time I know I'll never see again  
For the drama and the lies that live inside my head  
And for loving you (more) when I didn't even love myself  
And for every bridge I burned I know I can't return

But I accept my apology  
I'm gonna do better by me  
I wrote this song to say I forgive me

I wrote it to say I love me

I wrote this song to say I forgive me
