

# Nobody But Jesus

Kelly Price

Who was the one when I didn't know my name?  
Before I was born he loved me just the same  
Who was the one who took me by the hand  
And kept me from all danger the way a father can

Who was the one to lead me along the way?  
When I didn't know the path for me to take  
Nobody

Nobody but Jesus  
Nobody but Jesus  
Nobody but Jesus  
Nobody but Jesus  
Jesus is the one!

Who was the one to place the sun so high  
And hang the stars in space to decorate the sky  
Oh who was the one to die on Calvary  
With nails in his hands and nails in his feet

Who took the sting from death and victory from the grave?  
Then went on back to heaven and he's gonna return one day.
