Feeling Me Right Now

Kelly Rowland

You're the only one I see It's like no one's in the VIP but you and me I know which bed I'm in tonight, baby So don't you leave without my handcuffs I made some special plans for us tonight Oh your just my type, baby

So back, back, back it up, you're the one I got my eye on Don't give me your number, its already in my iPhone I just want you close, close, close, close, nearer Been watching you all night up in the mirror

I'm so feeling me right now Think I fell in love, fell in love in the club tonight I'm so feeling me right now I wanna take her home, take her home tonight cause I know I'll love her righ t I'm so feeling me right now I know I'm good. I can buy my own, I drive my own right now That's why i really fell in love in the club tonight I'm so feeling me right now

28's, Giovanni, She don't need no Clyde Tonight she alright, she so Bonnie So buying champagne won't have her running She cover's her own tab Feeling great, looking like money She aint scared to spend it, she be stunting on you dummies So I can understand why one would fall in love

So back, back, back it up, you're the one I got my eye on Don't give me your number, its already in my iPhone I just want you close, close, close, close, nearer Been watching you all night up in the mirror

I'm so feeling me right now Think I fell in love, fell in love in the club tonight I'm so feeling me right now I wanna take her home, take her home tonight cause I know I'll love her righ t I'm so feeling me right now I know I'm good. I can buy my own, I drive my own right now That's why i really fell in love in the club tonight I'm so feeling me right now

I don't wanna hear nothing from nobody when the club ends Cuz there's a pretty girl who's driving me home Because we're better you She feeling me, been feeling me way too long If feeling her ain't right, then i guess I'm way too wrong Cause can't nobody match this loving, yeah, yeah, yeah

So back, back, back it up, you're the one I got my eye on Don't give me your number, its already in my iPhone I just want you close, close, close, close, nearer Been watching you all night up in the mirror I'm so feeling me right now
