

Ghetto

Kelly Rowland

Rock your Timbs, sag your jeans
Ice your grill, it's all good with me
Twenty-fours, big four doors
Ain't no doubt, I'm down to roll

I love it
The way you talk to me
Love it
And your walk is mean
Love it
You know how I like it baby

Ghetto, so ghetto
That's how my baby roll (that's where I'm from)
And that's how they really know
He's ghetto, so ghetto
That's where my baby from
And that's how we be gettin it done
So ghetto

Hit your block, check your spot
If the block is hot, lay up in the spot (baby)
Roll your dice, get your cash
I'm a down shawty, you ain't gotta ask

I love it
Cause you keep me fitted
Love it
Let me be your lover
Love it
Baby all I want is that
Ghetto

Ghetto, so ghetto
That's how my baby roll (that's where I'm from)
And that's how they really know
He's ghetto, so ghetto
That's where my baby from
And that's how we be gettin it done
So ghetto

I love it
Cause you keep me fitted
Love it
Let me be your lover
Love it
Baby all I want is that
Ghetto
