

Train on a Track

Kelly Rowland

(I wonder)
If he knows I've been watching him
(And I wonder)
If he knows I can feel him
(And I wonder)
In my dreams and when I'm sleeping
And I'm keeping him close to me
(I'm thinking)
He's the thunder; I'm the lightning
(I'm thinking)
Maybe we can come together
(And I'm thinking)
We can bring the rain with a lovely breeze
With such harmony

A train on a track
Like spokes inside a wheel
Involuntary motion
Like rolling downhill
And there's no way to stop it
It's a natural thing
Like sunrising does
Snowflakes, waterfalls
Same thing with us
And there's no way to stop it
(Once you fall in love)

(I'm growing)
An overflow of happy laughter
(I'm growing)
Closer to you more than ever
(I'm growing)
Daffodils and kisses
Baby breath and roses
'Till they touch our noses
(I'm sailing)
Without a destination
(I'm sailing)
Exploring charted places
No more lonely seasons
I'm underwater breathin'
Drownin' in the sea

A train on a track
Like spokes inside a wheel
Involuntary motion
Like rolling downhill
And there's no way to stop it
It's a natural thing
Like sunrising does
Snowflakes, waterfalls
Same thing with us
And there's no way to stop it
(Once you fall in love)

I heard a solemn word
As he came through the earth

Strangers holding hands
A crowd cheering in his hands
I've already seen all the evidence
It's obvious love's in the air again
Saw the clouds blow
Chased by rainbows
Saw two roses bloom
Just like me and you
Caught up in magic; I can't pretend
It's obvious love's in the air again

No way to stop it
Ain't no way
For you and I are L-U-V in love you see
That you and I are L-U-V in love

There's no way to stop it
Ain't no way
For you and I are L-U-V in love you see
That you and I are L-U-V in love

A train on a track
Like spokes inside a wheel
Involuntary motion
Like rolling downhill
And there's no way to stop it
It's a natural thing
Like sunrising does
Snowflakes, waterfalls
Same thing with us
And there's no way to stop it ...
