

Work

Kelly Rowland

This ain't go be easy

Uh
You got it, you got it
Put it in

[Verse 1]

Tables turned into a situation
Now you standing in my face and you been patiently waiting
Fumbling over words, forget the conversation
Thinking maybe we could make the combination
Wanna see me lose my breathe, wanna hear me moan
Better be ready, will and able when we get along
You was talking tough up on in the telephone
So you better put it in when we get it on

No turning back from this party
Put you through enough to come play (hey)
And ain't no coming down from this high
My love don't go nowhere less I say

Look at what you got yourself into
Best take advantage, be all that you can be
Best take advantage, see all that you can see
Cause this could be a less opportunity that won't be

[Chorus]

Put it in
Check it baby, get it baby, check it baby, get it (work)
Do it baby, do-do it baby get it (put it in)
Check it baby, get it baby, check it baby, get it (work)
Do it baby, do-do it baby get it (go hard)
Check it baby, get it baby, check it baby, get it (work)
Do it baby, do-do it baby get it
Don't come around, keep on lettin me down
You gotta get it all the way in, I wanna see you work

[Verse 2]

Now you looking like you looking for an explanation
Is the curves on my body for you motivation
Skip the petty needs, No time for complication
Use both hands to make sure I reach my destination
Better leave a good impression fore you hit the door
Cause you don't want me talking bout your business on the low
You show it off, I had to fit you in my schedule
So you better put it on me when it's time to go

No turning back from this party
Put you through enough to come play (hey)
And ain't no coming down from this high
My love don't go nowhere less I say

Look at what you got yourself into
Best take advantage, be all that you can be
Best take advantage, see all that you can see
Cause this could be a less opportunity that won't be

[Chorus]

Put it in

Check it baby, get it baby, check it baby, get it (work)

Do it baby, do-do it baby get it (put it in)

Check it baby, get it baby, check it baby, get it (work)

Do it baby, do-do it baby get it (go hard)

Check it baby, get it baby, check it baby, get it (work)

Do it baby, do-do it baby get it

Don't come around, keep on lettin me down

You gotta get it all the way in, I wanna see you work

[Bridge]

I ain't excepting no excuses baby (no)

Don't brag about it if you useless baby (no)

You better blow me away, make a girl wanna stay

At your spot for another round

It's your chance to prove, Don't forget your moves

There's nothing to lose, but me

[Chorus (2x)]
