

Sirens

Kelsea Ballerini

(Ooooooooooh)

Well, your reputation beats you to this
Little town like breaking news
Of a devastation that you left behind
Well, I ain't scared of a little rain
And I watch that spinning weather vane
I guess I just ain't the running kind

(Ooooooooooh, ooooooooooh)

They all watch from windows as I ran that dark cloud down
You were nothing but trouble, baby
And I've been sifting through the rubble lately
I should've listened to the, I should've listened to the
(Ooooooooooh)
Wanted to dance in the eye of danger
Knowing good well I'd regret it later
I should've listened to the, I should've listened to the
(Ooooooooooh)
The warning lights were flashing like lightning
I should've listened to the, I should've listened to the sirens

Well, I let you crumble every wall
With your hail as hard as a cannonball
'Cause I like the risk that's in your reckless touch
And I've always had a weakness for
A terrible and twisted storm
'Cause your kiss is an adrenaline rush

(Ooooooooooh, ooooooooooh)

I knew what I was chasing when I ran that dark cloud down
You were nothing but trouble, baby
And I've been sifting through the rubble lately
I should've listened to the, I should've listened to the
(Ooooooooooh)
Wanted to dance in the eye of danger
Knowing good well I'd regret it later
I should've listened to the, I should've listened to the
(Ooooooooooh)
The warning lights were flashing like lightning
I should've listened to the, I should've listened to the sirens

Oh, mmm

Maybe I'll know better the next time I hear that
Ooooooooooh, ooooooooooh
I should've listened to the
Ooooooooooh, yeah

You were nothing but trouble, baby
And I've been sifting through the rubble lately
I should've listened to the, I should've listened to the

Wanted to dance in the eye of danger
Knowing good well I'd regret it later
I should've listened to the, I should've listened to the
Ooooooooooh

The warning lights were flashing like lightning
I should've listened to the, I should've listened to the sirens

Going...

(Ooooooooooh, ooooooooooh)
