Sirens

Kelsea Ballerini

(Oooooooh)

Well, your reputation beats you to this Little town like breaking news Of a devastation that you left behind Well, I ain't scared of a little rain And I watch that spinning weather vane I guess I just ain't the running kind

(Ooooooooh, cooooooh)
They all watch from windows as I ran that dark cloud down
You were nothing but trouble, baby
And I've been sifting through the rubble lately
I should've listened to the, I should've listened to the
(Oooooooh)
Wanted to dance in the eye of danger
Knowing good well I'd regret it later
I should've listened to the, I should've listened to the
(Oooooooh)
The warning lights were flashing like lightning
I should've listened to the, I should've listened to the sirens

Well, I let you crumble every wall With your hail as hard as a cannonball 'Cause I like the risk that's in your reckless touch And I've always had a weakness for A terrible and twisted storm 'Cause your kiss is an adrenaline rush

(Ooooooooh, oooooooh)
I knew what I was chasing when I ran that dark cloud down
You were nothing but trouble, baby
And I've been sifting through the rubble lately
I should've listened to the, I should've listened to the
(Oooooooh)
Wanted to dance in the eye of danger
Knowing good well I'd regret it later
I should've listened to the, I should've listened to the
(Oooooooh)
The warning lights were flashing like lightning
I should've listened to the, I should've listened to the sirens

Oh, mmm

Maybe I'll know better the next time I hear that Ooooooooh, ooooooooh I should've listened to the Ooooooooh, yeah

You were nothing but trouble, baby And I've been sifting through the rubble lately I should've listened to the, I should've listened to the

Wanted to dance in the eye of danger Knowing good well I'd regret it later I should've listened to the, I should've listened to the Ooooooooh The warning lights were flashing like lightning I should've listened to the, I should've listened to the sirens

Going... (Ooooooooh, oooooooh)
