

# Glorify The King

Kem

Sometimes I fail to see  
You're the reason that I believe  
You sacrificed your love for me  
In spite of all the bad decisions that I make  
And this is why I say  
I will glorify the King

The one that I adore  
When no other heart could ever love me more  
You magnify your life in me  
With no regard for all the promises I break  
And this is why I say  
I will glorify the King

We glory, we glorify the Lord  
Glorify the King  
We glory, we glorify the Lord  
Glorify the King

Let all the angels sing  
And glorify his holy name  
And rejoice believe in his love  
Power and grace!  
Lift every voice let the praises erupt  
Unto the king of kings  
Honour and strength the lord of my faith  
And this is why I say

I know that I'll never be the same  
So I glorify the king

'Cause now I see  
You're the reason that I believe  
Because you gave your life for me  
I will worship you with every breath I take  
The more I pray  
The more will Christmas stay  
And this is why I say  
I will glorify the King
