

## When I'm Loving You

Kem

You take a fine tooth comb and get to the heart of me  
You're like my favorite song and I follow the melody  
On a clear, blue night up on the mountain side  
Like morning rain under the northern sky

A dream come true when I'm loving you  
Hey, yeah, yeah, yeah, hey, girl, yeah

Your love is Santa Claus and it's Christmas time  
It's like a fantasy, I'm on a carpet ride  
Over the rainbow up to the water's edge  
It's like a fairytale living inside my head

And I feel so fine when I'm loving you  
Hey girl, baby

Forever faithful girl like childhood friends  
So soft and warm, I hope it never ends  
And I'm thankful, girl, for all the joy you bring  
Like we'll be making love up on an angel's wings

It's like paradise when I'm loving you  
Hey girl, yeah, hey girl, baby  
It's like paradise when I'm loving you  
Baby, baby, yeah, when I'm loving you

Hey, hey girl, when I'm loving you  
I'm loving, I'm, I'm loving you, baby  
I'm just loving you, baby  
When I'm loving you, girl  
I'm loving, I'm loving, just loving  
When I'm
