

Any Day's Ok

Kemopetrol

For all that's 'round the corner
I'm ready now
For trouble on the border
I'm ready now
There's nothing that can shake me
I'm ready now
There's no-one that can break me
I'm ready now

Any day's OK
Any day's OK
Any day, any day, any day

For all you have in store here
I'm ready now
For narrow-mindedness and fear
I'm ready now
You think you can erase me
I'm ready now
You think you can replace me
I'm ready now
