

Minimum Wage

Kemuri

Instead of working minimum wage
(Washing dishes everyday!)
I wanted to make my dreams come true!
Nothin' could stop me, I knew I have only one life!
(Life!)
I just believed in myself!

Let them laugh, Let them laugh, Let them say anythin'
Doesn't matter what they say!
I know that I live only one life,
Want to make it wonderful!

Instead of working minimum wage
(Washing dishes everyday!)
I wanted to go, see the world!
Nothin' could stop me, I knew I have only one life!
(Life!)
I just believed in myself!

Just to believe is the hardest thing when you live
In a world of ignorance!
I know that I live only one life,
Want to make it wonderful!

Instead of working minimum wage
I wanted to make my dreams come true!
(Feel the world!)

Instead of working minimum wage
I wanted to make my dreams come true!
(Feel the world!)

Instead of working minimum wage
I wanted to make my dreams come true!
(Feel the world!)

It's True!
