

Do you wanna know the secret?
Do you wanna know the secret?
Do you wanna know the secret of this life?

Sitting on a bed in your room
Wrap yourself in a blanket
You might wanna see the secret of this life

Never give up on yourself, no!
Never give up on yourself, no!
Raise your hand, feel the vibe!
Never give up on yourself, no!
Never give up on yourself, no!
Doors are open! Can you see?

If you are having hard times
If you feel loneliness
You might wanna see the secret of this life
Confusion and depression
Something is making you feel down
You might wanna see the secret of this life

Never give up on yourself, no!
Never give up on yourself, no!
Raise your hand, feel the vibe!
Never give up on yourself, no!
Never give up on yourself, no!
Doors are open! Can you see?

Do you wanna know the secret?
Do you wanna know the secret?
Do you wanna know the secret of this life?

Do you wanna know the secret?
Do you wanna know the secret?
Do you wanna know the secret of this life?

Do you wanna know the secret?
Do you wanna know the secret?
Do you wanna know the secret of this life?
