

The Colors

Kemuri

Yellow skin...

What color is my heart, my heart?

Dark brown eyes...

What color are my bones, my bones?

Violence and prejudice live inside... sure they live

As well as tolerance and balance

The colors never tell the true colors

The colors never tell the true colors

The majors look,

Look down on minors, sure do

The minors hate,

Hate fragrance of majors have

Superior or inferior? colors ask...

How much more do we depend on them

The colors never tell the true colors

The colors never tell the true colors

The colors never tell the true colors

The colors never tell the true colors
