Tonight 2000

To-To-To-Tonight To-To-To-To-Tonight Tonight, Tonight

We try to know and take it just like tonight Let your feeling riding over the flies To make your joy, well, enjoy yourself Don't give up the pleasure of tonight

Don't be so worry, baby Everything has gotta be great Why don't you try to know it You don't tell things to forget Or will I tell you

Oh, oh..... We will see tonight We got the pleasure in the right way Oh, oh..... You and me, better now We're finally together

Tonight Stop to move and just listen to me We'll be paddling now to lose your mind Catch the moment, enjoy yourself Try to touch it with the love in your eyes
