

# Tonight

To-To-To-Tonight  
To-To-To-To-To-Tonight  
Tonight, Tonight

We try to know and take it just like tonight  
Let your feeling riding over the flies  
To make your joy, well, enjoy yourself  
Don't give up the pleasure of tonight

Don't be so worry, baby  
Everything has gotta be great  
Why don't you try to know it  
You don't tell things to forget  
Or will I tell you

Oh, oh...  
We will see tonight  
We got the pleasure in the right way  
Oh, oh...  
You and me, better now  
We're finally together

Tonight  
Stop to move and just listen to me  
We'll be paddling now to lose your mind  
Catch the moment, enjoy yourself  
Try to touch it with the love in your eyes
