

Child of God

Kendall Payne

With every breath with every thought
From what is seen to the deepest part
I offer all that I've come to be
To know your love fathering me

With every breath with every thought
From what is seen to the deepest part
I offer all that I've come to be
To know your love fathering me

Father you're all I need
My souls sufficiency
My strength when I am weak
The love that carries me
Your arms enfold me 'til I am only
A child of God

With every step on the is journey's walk
And wisdom's songs that the soul has sought
I give myself unreservedly
To know your love fathering me

Father you're all I need
My souls sufficiency
My strength when I am weak
The love that carries me

Father you're all I need
My souls sufficiency
My strength when I am weak
The love that carries me
Your arms enfold me 'til I am only
A child of God

Your arms enfold me 'til I am only
A child of God

Your arms enfold me 'til I am only
A child of God
