Kendrick Lamar

Somebody said you bumped your head and bled the floor  
Jumped into a pit of flames and burned to coal  
Drowned inside the lake outside away you flow  
And that means the world to me  
And that means the world to me  
And that means the world to me  
And that means the world to me  
Somebody said you bumped your head and bled the floor  
Jumped into a pit of flames and burned to coal  
Drowned inside the lake outside away you flow  
And this I know

I got 100 on my dash, got 200 in my trunk  
Name in the grab bags, put my Bible in the trunk  
Taaka vodka on the top of my binocular I'm drunk  
How come I can make them popular, pop em' when I want  
See I'm livin' with anxiety, duckin' the sobriety  
Fuckin' up the system I ain't fuckin' with society  
Justice ain't free, therefore justice ain't me  
So I justify his name on obituary  
Why you wanna see a good man with a broken heart?  
Once upon a time I used to go to church and talk to God  
Now I'm thinkin' to myself, hollow tips is all I got  
Now I'm drinkin' by myself, at the intersection, parked  
Watch you when you walk inside your house  
You threw your briefcase all on the couch  
I plan on creeping through your fuckin' door and blowin' out  
Every piece of your brain until your son jump in your arms  
Cut on the engine, then sped off in the rain  
I'm gone

Somebody said you bumped your head and bled the floor  
Jumped into a pit of flames and burned to coal  
Drowned inside the lake outside away you flow  
And that means the world to me  
And that means the world to me  
And that means the world to me  
And that means the world to me

Drove alone, with a bottle of his own grippin' the handle  
Lit off henny, I'm tryna dismantle  
These wicked ways, I've engaged in such a gamble  
Cause I could speak the truth and I know the world would unravel, wait  
That's a bit ambitious maybe I'm trippin'  
Maybe I'm crazy, maybe I exist in a different dimension  
Not to mention when I close my eyes I see the distance  
It's such a scary sight so I rarely go to sleep at night  
I watch the sun rise then I watch the sun fall  
Studied the son of God but still don't recognize my flaws  
I guess I'm lost, the cost of being successful is equal to being neglectful  
I pray my experience helps you  
As for me I'm tryna sort it out  
Searching for loopholes in my bruised soul  
But who knows?  
I just need a little space to breathe  
I know perception is key, so I am king

The other side has never mortified my mortal mind  
The borderline between insanity is father time  
I fall behind my skeleton, they tell me that I'm blind  
I know that I'm intelligence, my confidence just died  
Carpe diem, seize the day, I can't compromise  
A tape worm couldn't cure this gluttonous appetite  
A couple trinkets, they seein me as I pacify  
But couldn't fathom the meaning of seein' sacrifice  
I'm passin' lives on a daily, maybe I'm losing faith  
Genocism and capitalism just made me hate  
Correctionals and these private prisons gave me a date  
Professional dream killers reason why I'm awake  
I'm sleep walkin', I'm street stalkin', I'm outta place  
Reinforcing this heat barking, these are the brakes  
Before I blink do I see me before them pearly gates?  
Or this is just a mirage or a facade  
Wait
