

## Spies

Kenickie

I'm working on a new insult  
Send it straight to you  
I'm setting up a new mission  
Making my plan foolproof

You should stay  
Out of my way  
I'm doind this for you  
I don't have time  
To watch you cry  
I do the work of two

You keep me talking  
Weather's not quite right  
Do you know quite how boring  
Do you know I could die tonight

So watch your back  
'cos I might crack  
And I'm licenced to kill  
Your bloodless face  
Your silent mouth  
Would give me such a thrill  
ooh ooh ooh ooh ooh ooh

You should stay  
Out of my way  
I'm doing this for you  
I don't have time  
To watch you cry  
I do the work oftwo

We are spies  
We will kill you  
We are spies  
We will kill you

Shanana ooh  
Shanana ooh  
Shanana Ooooooooooh
