

## Another Friday Night

Kenny Chesney

Gonna cash my check before the drive-thru closes  
Get my baby a couple Quick Sack roses  
Put \$5 worth of gas in my pride and joy  
Another Friday night in the life of a country boy

Gonna take her out to the Tasty Freeze then  
We'll go dancin' at the American Legion  
When ole Bobby does Elvis  
You'll swear it was the real mccoys  
Another Friday night in the life of a country boy

Aww there ain't much to do  
In this one life town  
But we don't let that  
Slow us down  
If it's too quiet  
We make our own noise  
Now you can bet your boots  
By the end of the week  
My pretty little girl  
Is ready for me  
Another Friday night in the life of a country boy

When we've had enough of that shakin' and a-shoutin'  
We go fog up the windows in the Smoky Mountains  
We have more fun than a couple of tourists and a Polaroid

In this one life town
