## **Because of Your Love**

## **Kenny Chesney**

Baby, I don't understand Now, just the touch of your hand can make me feel invincible Do you know just where you take me? Do you know how high you make me? I need your kiss like oxygen

With your arms warm around me When your eyes look deep into me It's unstoppable, baby, anything is possible

Everything I wanna be, any dream I wanna dream I can, because of your love Anywhere I ever go with all of my heart I know I am the man I am because of your love

Don't know how I lived before you Now I live to explore you Take me girl to your secret world Where I could swim in your deep blue passion Or I could feel your love come crashing over me, endlessly

Whether your right by my side or Whether you and I are a million miles apart I can always feel you in my heart

Everything I wanna be, any dream I wanna dream I can, because of your love Anywhere I ever go with all of my heart I know I am the man I am because of your love

Everything I wanna be, any dream I wanna dream I can, because of your love Anywhere I ever go with all of my heart I know I am the man I am because of your love Ooh, baby, because of your love
