

# I Can't Go There

Kenny Chesney

You know that restaurant on highway one  
With the key lime pie, that song, the sand and the sun  
Where we ran in our barefeet  
Built a castle on the beach  
Just the wind, the rocks, the waves and you and me.

I can't go there  
'Cause that's just too much us  
I can't go there  
I still feel your touch  
There's places in my heart and head  
That feel as empty as our bed  
So most nights I don't even walk upstairs  
'Cause I can't go there.

Remember San Francisco on that cable car  
Our reflection in the window of that store  
How we danced the night away  
With the lights out on the bay  
Then wound up in a blanket on the floor.

I can't go there  
'Cause 'Friscos too much, us  
I can't go there  
I still feel your touch  
Now there's places in my heart and head  
That still feel as empty as our bed  
So most nights I don't even walk upstairs  
'Cause I can't go there.

If it was only Florida or California  
Maybe I could let myself move on  
But it's everywhere we've been  
And everywhere I turn  
I can't love again  
Because I've learned.

That I can't go there  
It's somethin' I can't do  
I can't go there  
'Cause I'll run into you  
I can't go there.

When the sun shines, when it rains  
Christmas parties, football games  
I can't go there  
Winter, summer, fall or spring  
I see you in everything  
I can't go there.

It's too much us  
I can't go there
