

The Woman with You

Kenny Chesney

She hit the door 6:55 sack full of groceries split down the side.

Can goods scattered all the way to the curb.

Look on her face saying don't say a word.

So, it's me and her and a can of beans sitting there on the front porch swing.

Western sky all turning red.

Head on my shoulder she sighed and said:

Been gopherin, chauffeuring, company chairman.

Coffee maker, Copy repairman.

Anymore there ain't nothing I swear man that I don't do.

Been juggling, struggling, closing big deals.

Dancing backwards in high heels.

Just when it feels like i can't make it through.

She said it sure is nice to just be the woman with you

She said the girl I was with the business degree probally would n't recognize me.

I was gonna run the bank.

I was gonna run the math.

Now all I want to run is a bubble bath.

Back then you know I had this plan.

Before all of this reality set in.

Here comes life boy ready or not.

Hey I wanted it all and that's what I got.

Cause I'm gopherin, chauffeuring, company chairman.

Coffee maker, Copy repairman.

Anymore there ain't nothing I swear man that I don't do.

Been juggling, struggling, closing big deals.

Dancing backwards in high heels.

Just when it feels like I can't make it through.

She said it sure is nice to just be the woman with you.
