

Well Done

Kenny Lattimore

Through these eyes I see
My brothers are in need
Lord, let my voice
And song touch their souls

Let my life speak to the heart
Let me share with them how far
You went to show
The real meaning of love

Lord, I pray in all I may win some
But Lord, if only one, let Your will be done
There's no happiness in me
If I have not pleased You

When You call my name
I want to hear You say well done, well done
When I see You face to face
I want to hear You say, well done, well done

There's so much hate
And struggle day by day
That we forget
What really matters most

If it's bread my sisters need
Then their hunger I will feed
Just send Your word
And speak it right through me

Lord, I pray in all I may win some
But Lord if only one
Let Your will be done
'Cause there's no happiness in me
If I have not pleased You

When You call my name
I want to hear You say well done, well done
When I see You face to face
I want to hear You say, well done, well done

When You call my name
I want to hear You say well done, well done
When I see You face to face
I want to hear You say, well done, well done

Well done, well done well done, well done
Well done, well done well done, well done
Well done, well done well done, well done

When I see You face to face
I just want to hear You say, well done
When You call out my name
I just want to hear You say, well done

When I see You face to face
I just want to hear You say, well done

When You call out my name
I just want to hear You say, well done

Lord if You want me to go
You know I will
But if You want me to stand
I'll stand still

Lord, just guide my steps
Oh, like You said You would
Become my best
Lord, it's nothing without You

I'm nothing without You, no
I commit my way
Establish every thought
Lord show me how to love

Show me how to live, be in my tongue
I want to be pleasing to You
Everything You want me to do
Lord, I'll do it, Lord, I'll do it
Jesus for You

Well done
Well done
Well done
