

# Brothers

Kenny Loggins

I'm coming to see you now  
All that was lost's been found  
It's been too long  
Whenever I see your face  
All of that time and space is up and gone  
It's all about give and take  
And the way you treat others  
It's all about the friends we make  
Oh, my brother

All of the tide and time  
The ties that bind  
Our hearts  
I know you my friend  
It's as if there's been no time apart  
It's all about the love you find  
That you share with others  
â€”N how you gonna spend your time  
Oh, my brother

All of my life's been a struggle of trying to get free  
But this world I created turned out to be only about me  
Forgetting we  
Are brothers

It's all about give and take  
â€”N the way you treat others  
It's all about the choices you make  
Oh, my brother

All of our lives we've pretended to hide what we feel  
Trying hard to believe  
That the distance between us is real  
Lost in me  
But now I see  
We still are brothers
