

I'll Be There

Kenny Loggins

Stand or fall
The love you have is all you have to give
As long as you live

On your own
You're never all alone
There'll be a light to guide you on
Remember that love is there

(stand your ground)
(stand your ground)
You made it this far, baby
Don't let it go
(stand your ground)
(stand your ground)
This is the moment for you know, ohh

(I'll be there)
(To hold you in my heart)
Cause our love is forever
(I'll be there)
I'll never let us drift apart
I'll be there for you

Comes a day
Feels so filed away, so far to go
You should know by now

(I'll see you)
You're free
(I know)
How we used to be
(don't need no heart)
You've got the power do whatever you desire
You're gonna bet to win, you're a survivor

(stand your ground)
Ohhhhhh
(stand your ground)
??????? wherever ?????? darling, ohh

(I'll be there)
(To hold you in my heart)
Cause our love is forever
(I'll be there)
I'll never let us drift apart
I'll be there for you

(I'll be there)
(When you need to feel the love)
(When your love lasts forever)
(I'll be there)
My heart is gonna be around
(You gotta love)
(You gotta love)
(You know you got my love)
Ohhhh

(You gotta love)
(You gotta love)
(You know you got my love)
Oh my love
(You gotta love)
(You gotta love)
(You know you got my love)

Woooo

(I'll be there)
(To hold you in my heart)
Cause our love is forever
(I'll be there)
I'll never let us drift apart
(I'll be there for you)

(I'll be there)
(When you need to feel the love)
Cause our love is forever
(I'll be there)
My heart is gonna be around
(I'll be there for you)
