As God Is My Witness

Kenny Rogers

Once in a lifetime the right love comes by With no rhyme or reason, you never know why You wake up one morning and nothingDs the same for you.

The kisses taste sweeter, the touch just feels right You rush through the morning to get to the night And then youDre together and it takes your breath away.

So, hold on to your heart Lets think forever right from the start But loves not forever itOs just for the rest of our lives.

YouDre not my first love, but youDll be my last I give you my future, forgive me my past And I know in my heart, that this is what I want to do.

If I had one life and one love ThereId be one dream for the two of us As God is my witness, whatever you do Dont change a thing Icause I love loving you And as God is my witness IIII give you all of my love.

So. hold on to your heart, Girl, don t you know this felt good from the start As God is my witness I promise you ID11 be here beside you Whatever you do.

As God is my witness ID11 give you all my love As God is my witness ID11 give you all my love...
